OGMATE // FIELD SAFETY KIT

KNOW WHO'S WHERE. THE MOMENT IT MATTERS.

Wearable trackers and a rugged charging kit give your team one live picture of where everyone is, even where phones have no signal.

01 MUSTER

Clip on a tracker and press once. You show ready.

02 INCIDENT

Hold the button. Your exact location goes straight to team leaders.

03 RECORD

Every alert is logged with times, notes and photos.

Built for response awareness, not staff surveillance.

USE CASES // WHERE OGMATE EARNS ITS PLACE

BUILT FOR WHERE PHONES AND RADIOS FALL SHORT.

- Amber alert when someone goes quiet, so you check on them
- Colour-coded roles: Medical, Security, Marshal, Asset, VIP
- Privacy first: position history is opt-in

OPS KIT // 24 TRACKERS + TABLET

FESTIVALS & EVENTS

Find the nearest medic or security in seconds.

REMOTE WORKSITES

Know where lone workers are, with no phone signal.

MOTORSPORT EVENTS

Marshals report incidents across large circuits.

SEARCH & RESCUE SUPPORT

Coordinate teams over wide, open terrain.

VIP & ASSET MOVEMENT

Keep high-value people and kit in view.

OUTDOOR EXPEDITIONS

Keep groups safe beyond mobile coverage.

Working prototype. Still to prove: shift-length battery and real-site coverage.
